

JACKSON JUNIOR HIGH SCHOOL

Health and Safety Guidelines and Requirements for

All Students, Staff, and Campus Visitors

1. All students, staff, and campus visitors must do a temperature check and health screen before entering the campus. Students will do this in the bus circle. Staff and campus visitors will do this in the office.
2. All students, staff, and campus visitors must wear a face mask or face shield while they are on campus.
3. All students, staff, and campus visitors must practice social distancing of 6 feet or more between other people.
4. All students, staff, and campus visitors must follow the campus foot traffic patterns. These patterns are clearly marked with signage, arrows, and other markers.
5. All students, staff, and campus visitors must regularly wash their hands and use hand sanitizer before and after class and before and after lunch. Hand Sanitizer pumps have been installed outside every classroom as well as other areas of campus.
6. Students must sit in their designated seat in each of their classrooms. This is important so we can effectively disinfect desks and furniture in the classrooms during the school day.
7. No students may linger on campus before or after school. They must depart campus as soon as they are dismissed from their classes.
8. Meetings with teachers and/or administrators must be by appointment only. Please attempt to use all other means of meeting (Google Meets and phone calls) before requesting an in person meeting.
9. All students, staff, and campus visitors are expected to follow the Jackson Junior High School 6 B's: Be Safe, Be Kind, Be Respectful, Be Mindful, Be Responsible, and Be Positive.
